KHARKIV NATIONAL UNIVERSITY OF RADIO ELECTRONICS

Engineer

2003 - 2008

LANGUAGES

- Russian - Fluent
- Ukrainian - Native
- English - Pre-Intermediate (A2)

SUMMARY

Front-End Developer with 2+ years of experience in React and Angular. Worked in cross-functional teams (WeGo) and joined a commercial startup (ByteAl.io) as a front-end developer, where I quickly ramped up on Angular and later became the sole front-end owner. Experienced in integrating front-end applications with Supabase and backend services, and contributing to UX and product improvements.

COURSEWORK PROJECTS

WEBSTUDIO / INDIVIDUAL PROJECT Role: Developer GITHUB-LINK

HTML, SASS, JS | Responsive design, transform effects, modal window | A good multi-page website of WebStudio company

HTML, CSS, JS, React, REST API | Adding/removing car from the Favorites page, filter, modal windows, pagination, slider | Single-page car rental search app

WORK EXPERIENCE

WeGo (Non-commercial Project) | 12.2023 - now COMPANY-LINK

Tech Stack: HTML, Styled Components, React, TypeScript, REST API, Zustand

- Developed an e-commerce platform using React within a professional cross-functional team (BE, QA, Designer, PM, BA).
- Gained hands-on experience in high-standard teamwork environments, focusing on building scalable components and efficient collaboration workflows.

ByteAl.io (Commercial Startup) | 05.2024 - 12.2025 COMPANY-LINK

Tech Stack: HTML, SCSS, Angular, TypeScript, REST API, Rxjs, Konva

- Joined the project as a second developer and quickly mastered Angular from scratch, eventually taking full responsibility for the entire front-end of the startup.
- Actively participated in product feature discussions, proposing UI/UX improvements and assisting in backend development with Supabase for seamless data integration.
